

# FLEX-ARCH-AF

Mercury Free  
Energy Efficient  
Long Lasting

**Notes:** The Archiflex flexible strip can be cut every 7 LED's to fit any length.

For more information, contact us!

Description	Waterproof Flexible LED Strip
Watts	3.6W (Warm White)/Meter
Light Output (Lumens)	143lm/Meter (Warm White)
Efficacy (Lumens/Watt)	40lm/W/Meter (Warm White)
Color Temperatures (K)	Warm White, White
Available Colors	Red, Yellow, Green, Blue, Pink, Purple, RGB
Lighting Angle/Type	120°
Working Voltage	24V DC
LED Count / Type	42 SMD LEDs per Meter, 28/Meter with RGB
Lens Reflector Style	Clear
Dimmable	Yes
Operating Temperature	-20°-80°C
Mount / Base Type	3M Double Back Tape
Dimensions	30 Meter Spool
Typical Life Expectancy (L70 Hours)	Up to 50,000 hrs
Approvals / Certifications	IP68, CE, RoHS
Photometric Data Available	Yes
Warranty	5 Years
